

# SCUBA DO

## ZANZIBAR

**OCEAN**  
*Help Us Save Our Ocean*

When you support Scuba Do Zanzibar, you are assisting our efforts to protect our ocean. By collaborating with our local fishing community and our governmental authorities, we are helping to reduce destructive fishing practices and encourage enforcement of local regulations. We established the award-winning Ocean Watch network which facilitates collaboration between the public and private sectors to help monitor Zanzibar's marine ecosystems. We organise numerous projects to remove ghost nets found on our coral reefs as well as promoting sustainable fishing practices.
