Help Us Save Our Sea Turtles

When you support Scuba Do Zanzibar, you are helping us to protect sea turtles. Over the years, we have assisted in the rescue and treatment of turtles caught by fishers, removed turtles from nets and even resuscitated a non-breathing sea turtle. We support the efforts of Mnarani Aquarium in Nungwi, who have assisted us to accommodate and rehabilitate our rescued turtles before their release. Once recovered, we release them back to the ocean where we hope to see them again in their natural environment.
